After joining CV Raman I am experiencing many positive changes such as one day in maths club maths madam gave some sums and told to solve it. I used some maths tricks which was taught in CV Raman class and got claps from other students. After coming to CV Raman class Maths and Science became very easy in exams like AMTI and now I am getting to know about real world of competition. CV RAMAN faculties are friendly and teaching method is easy to understand. Study materials are interesting and understandable. I feel very glad that I have taken a great decision to join CV Raman.
