C.V. Raman is helping me in academics by teaching me many things that are not covered in school books. This helps me in talent exams and scoring high. I was also able to understand the great competition and preparation needed for IIT entrance as well as other major talent exams. In C.V. Raman, The faculty are really more than being teachers, they are friendly and teach the subjects well. The study materials are very good. While teaching, they emphasize to work the sums and the objectives and they explain everything in detail. I am very happy that I have joined C.V. Raman as it helps me to know more and achieve more.
