

**Saranya Salin** (8<sup>th</sup> Std)

STUDENT SINCE 2012

**AVILA CONVENT, CBE**

Student of

**1) THE C V RAMAN IMPERIAL** - Four Year Classroom Program (9<sup>th</sup> to 12<sup>th</sup> Std)

**2) WHIZZKID - 2** – Two Year Classroom Program (7<sup>th</sup> to 8<sup>th</sup> Std)

I had actually joined CV Raman the previous year. The tests which they conduct here contains questions that makes us think and so will have the practice of facing such questions when we write some tough exams. By joining CV Raman, I have gained a lot of information and knowledge and it covers most of our school portions also. I understood that without putting our best into anything, we will not be able to achieve anything. I also understood a lot about JEE, the entrance exams which we will have to write in order to enter into IIT and how people are striving for it. In CV Raman, not only the book materials they are providing but also the extra books that are very useful. Especially the AMTI books involves a lot of sums that increase our ability to think. I feel very glad that I've joined here and that I am only a few steps behind from reaching my dreams.

**Dr. K.P. Salin** (Parent), Principal Scientist,  
**Sugarcane Breeding Institute, CBE.**

Saranya joined CV Raman when she was in seventh standard. The reason behind admitting her at CV Raman was that the school was following 'Samacheer Kalvi' system which we felt was quite inadequate to face any national level admission tests such as IIT's, PMT etc, and other scholarship exams conducted by institutes / organizations under central government. Coaching at CV Raman helps her to understand the fundamentals in Maths / Science and problem solving which is reflected in the marks she scores at the school. Moreover, an awareness has been made on the students and parents about different competitive exams such as AMTI, NTSE, KVPY, JSO etc, and how to prepare for these exams. Dedicated faculty and structured study materials prepared with the help of experts in the subjects make the preparations for these exams much easy. We feel happy that we could admit her at CV Raman at a time when school education and competitive exams put lot of pressure on the student as well as parents.
